About Me

A passionate and detail-oriented programmer with hands-on experience in JavaScript and Java, specializing in building single-page applications (SPAs) and crafting responsive, reusable components. Skilled in modern frontend technologies and passionate about writing clean, maintainable code. Proficient in testing to ensure robust and bug-free applications. Always eager to learn and adapt to new challenges in the ever-evolving tech landscape.

Courses

JavaScript (Advanced) - ACA (Sep 2022 - Jan 2023)

Java Course (Intermediate) - Tech42 (Jun 2022 - Sep 2023)

Java Course (Beginner) - Tech42 (Jun 2021 - Sep 2022)

Education

Russian-Armenian University - Economics (2019 - 2025)

PhysMath High School - Mathematics & Physics (2016 - 2019)

Languages Spoken

Armenian, English, Russian
